Alsons posts P2.62-billion first quarter revenue

Alsons Consolidated Resources (ACR), a publicly listed company of the Alcantara Group, reported a net income of Php 479 million for the first quarter of 2024, which is 13% lower than the Php 542.27 million recorded for the same period in 2023.

Net earnings attributable to the parent in the first quarter of 2024 were 3% lower than the previous year, with a net profit of Php 151 million. First-quarter revenues decreased by 21% from Php 3.31 billion to Php 2.62 billion during the same January-March period last year.

"The lower income figures were mainly due to the forced outage experienced by Sarangani Energy Corporation's Plant 1 from December 3, 2023 to February 20, 2024, caused by the magnitude 6.8 earthquake that hit Sarangani province" said ACR Deputy Chief Financial Officer Philip Edward B. Sagun.

Despite the slowdown in growth, ACR remains optimistic about ending the year with strong performance.

ACR currently has an aggregate capacity of 468 Megawatts, serving more than eight million people in the Mindanao region.

Committed to diversifying its power portfolio, ACR is set to commence commercial operations of its 14.5-megawatt Siguil Hydro Power Project in Sarangani this year. Additionally, the company is developing two other renewable energy projects in the Visayas and Mindanao: the 42-MW Bago Hydro Power Project in Negros Occidental and the 37.8-MW Siayan Hydro Power Project in Zamboanga.

ACR is also anticipating the launch of its 95.2-megawatt In-Island Baseload Back-up Power Plant project in Brgy. Imelda, Ubay Municipality in Bohol. This facility will ensure a reliable power supply to the province in case it becomes isolated from the Visayas Grid due to emergencies or natural disasters.
